

PRAYMERC CHEMICALS

# SUPERKLEAN™

CASING CLEANER

## PRODUCT DESCRIPTION

SUPERKLEAN® is a specially formulated surfactant for well clean-up and for heavy duty applications. SUPERKLEAN® is effective for removing oil-based drilling fluids residues from surface equipment.

## TYPICAL PHYSICAL PROPERTIES

Specific gravity	~1.02
Flash point, F	>160
Solubility in Water, %	100
Appearance	Opaque/Clear Liquid

## APPLICATIONS/FUNCTIONS

- Removal of oil-based drilling fluids residues from well casing.
- Cleaning of oil-based mud tanks.
- Removal of grease and oil-based compounds.

## RECOMMENDED TREATMENT

For best results in casing cleaning, circulate SUPERKLEAN® at 40 to 50% dilution with sea water. For mud tanks, apply SUPERKLEAN® at 40 to 50% dilution using a pressure nozzle to clean tank.

## PACKAGING

SUPERKLEAN® is packaged in 200lt plastic drums or 1000lt IBC tanks.

**STORAGE AND HANDLING** - See MSDS.
